

Installing and activating **LPDR** modules

1. Download and install the latest version of **LPDR Swing Analytics** from here: <http://www.electricspin.com/software>.
2. Plug in your Golf Launchpad into the computer and start **LPDR Swing Analytics**.
3. From the **File** menu select **Activate Purchased Modules...**

4. In the window that appears enter your Clubhouse **email** address and **password**.

5. Click **Activate** button and begin using the modules you purchased.
